Working Hours: 7:00 AM – 4:30 PM

Sub-Contractor(s): ARA, Advanced Fluid Systems (AFS)

Personnel: (1) technician (ARA), (1) supervisor, (1) technician (AFS)

Equipment: Hand tools

Reflective Cracking Construction Notes:

AFS met with FAA and SRA personnel in the morning to discuss the rig movement incident that occurred on 1/14/2015. AFS then examined the rig motion control system, including the MTS position sensors, to evaluate the system and troubleshoot any possible malfunctions that could have caused the movement incident.
